

The Mustang GT is a true muscle car with superb and exhilarating driving dynamics. When you hit the accelerator, the adrenaline rush is just unbelievable, with all the power instantaneously transferring to the wheels.

Steering is responsive and the brakes are firm to stop in any situation. Expect fuel economy in combined city and highway driving to average about 20 mpg.

Under the Hood

The 2014 Mustang GT came equipped with 5.0-liter V-8, which produces 420 hp and 390 lb-ft of torque. It has a double overhead cam and variable valve timing.

Inside

The 2014 Ford Mustang GT interior was very comfortable, highlighted with soft leather upholstery and side bolsters, heated power seat, tilt steering wheel and a host of other

creature features to make any driving a pure pleasure.

The back seat was large enough to put a couple fairly large guys back

there for a test drive.

The materials used throughout this Mustang GT were of high quality and make this retro vehicle stand out

The test drive Mustang featured a 5.0-liter V-8 engine capable of 420 hp.
